HIGHER MIND/SOURCE

(The portion of your total consciousness that knows everything.)

(Also contains the "Collective Unconscious")

UNCONSCIOUS MIND

"THE CONCEIVER"

(Patterns of behaviour of which the individual is unaware.)

The double pointed arrows depict the two-way information exchange occurring between the layers of the Mind.

SUBCONSCIOUS MIND "THE RECEIVER"

(The subconscious functions between the UNCONSCIOUS MIND and the PHYSICAL MIND acting as a processing centre for information transfers.)

"THE PERCEIVER"

(A tripartite structure **managed by the ego-self**. Containing **Beliefs**, **Emotions** and **Thoughts**.)

Information exchange is managed by the subconscious so that the CONSCIOUS MIND receives what it needs to know in the present moment.
